THE WAY DOCTORS PERFORM HYSTERECTOMIES MAY SOON CHANGE. WOMEN WHO HAVE THE PROCEDURE TYPICALLY LOSE THEIR OVARIES AND THEIR UTERUS. IN FACT OUT OF 615-THOUSAND HYSTERECTOMIES LAST YEAR, IN MORE THAN HALF, DOCTORS REMOVED THE OVARIES AS A PROTECTIVE MEASURE FROM OVARIAN CANCER IN THE FUTURE. BUT A NEW STUDY FOUND REMOVING THE OVARIES MIGHT ACTUALLY INCREASE THE RISKS OF HEART DISEASE. THIS NEW STUDY ABOUT APPEARS TODAY IN THE JOURNAL OF OBSTETRICS AND GYNECOLOGY.

IF YOU'RE ELDERLY AND DIABETIC, YOU COULD BE AT GREATER RISK OF BONE FRACTURES ACCORDING TO A NEW STUDY IN THE ARCHIVES OF INTERNAL MEDICINE. RESEARCHERS FOLLOWED NEARLY 3,000 WELL-FUNCTIONING PEOPLE BETWEEN 70 AND 79 YEARS OF AGE. 19% HAD DIABETES. THEY FOUND THAT THOSE WITH DIABETES HAD A 64% HIGHER RISK OF FRACTURES. RESEARCHERS SAID WEIGHT AND NEUROLOGICAL OR MOVEMENT PROBLEMS COULD BE FACTORS. THEY SAID PEOPLE WITH DIABETES CAN TRY TO LIMIT FALLS BY WEARING RUBBER-SOLED SHOES, AVOIDING DRUGS THAT IMPAIR MOTOR SKILLS AND WALKING IN WELL-LIT AREAS. AND IF YOU SUFFER FROM TENSION HEADACHES, YOU MAY BE ABLE TO GET RELIEF WITHOUT EVEN TAKING A PILL. ACUPUNCTURE CAN CUT THE NUMBER OF TENSION HEADACHES ALMOST IN HALF, ACCORDING TO A NEW STUDY IN THE BRITISH MEDICAL JOURNAL. RESEARCHERS DIVIDED 270 PATIENTS INTO THREE GROUPS. OVER AN EIGHT-WEEK PERIOD, ONE GROUP WAS TREATED WITH TRADITIONAL ACUPUNCTURE; ONE GOT MINIMAL ACUPUNCTURE, WHERE THE NEEDLES ARE INSERTED ONLY SUPERFICIALLY INTO THE SKIN AT NON-ACUPUNCTURE POINTS; AND ONE GROUP GOT NO ACUPUNCTURE. PATIENTS WHO GOT EITHER ACUPUNCTURE SUFFERED FEWER HEADACHES THE MONTH FOLLOWING TREATMENT. RESEARCHERS SAID HEADACHE RATES CONTINUED TO DROP FOR MONTHS AFTER THE INITIAL TREATMENT, BUT DID START TO RISE SLIGHTLY OVER TIME.

RENEE JOYNER PITTS WAS RUNNING ERRANDS IN SUBURBAN WASHINGTON WHEN SHE FELT CHEST PAINS AND HAD TROUBLE BREATHING--CLASSIC SIGNS OF A HEART ATTACK. WHEN SHE ARRIVED AT HER NEARBY COMMUNITY HOSPITAL, SHE DIDN'T LIKE WHAT SHE FOUND. RENE JOYNER PITTS, HEART DISEASE PATIENT: " AND IT WASN'T IN A DRAMATIC WAY--AND THAT'S THE FUNNY THING ABOUT IT. NICE PEOPLE, BUT JUST TOO LAID BACK" SO LAID BACK THAT SHE HAD HER BROTHER DRIVE HER 20 MILES TO A MAJOR HOSPITAL--AND A MUCH MORE REASSURING ATMOSPHERE. RENE JOYNER PITTS: "YOU KNOW, IF THERE WAS SOMETHING WRONG, IF I WAS HAVING A HEART ATTACK, THAT I WAS IN THE BEST PLACE I COULD BE." ONCE THERE, HER HEART ATTACK WAS QUICKLY DIAGNOSED AND TREATED. JOHN YANG/ABC NEWS PATIENTS USED TO HAVE TO RELY ON WORD-OF-MOUTH TO DECIDE WHETHER A HOSPITAL WAS GOOD OR NOT. NOW, FOR THE FIRST TIME EVER, A NEW STUDY RANKS MORE THAN 35-HUNDRED HOSPITALS ACROSS THE COUNTRY. PUBLISHED IN THE NEW ENGLAND JOURNAL OF MEDICINE, THE HARVARD UNIVERSITY STUDY LOOKS AT HOW HOSPITALS TREATED THREE COMMON CONDITIONS: HEART ATTACKS, CONGESTIVE HEART FAILURE AND PNEUMONIA. GENERALLY, THE BEST HOSPITALS WERE IN THE NORTHEAST AND MIDWEST, WERE AFFILIATED WITH MEDICAL SCHOOLS AND WERE NOT-FOR-PROFIT. DR. ASHISH JHA, HARVARD SCHOOL OF PUBLIC HEALTH: "WHERE YOU LIVE AND WHAT HOSPITAL YOU CHOOSE HAS A PROFOUND IMPACT ON WHETHER YOU WILL RECEIVE LIFE-SAVING THERAPIES OR NOT. " BEING IN THE BIGGEST CITIES IS NO GUARANTEE OF QUALITY. HOSPITALS IN INDIANAPOLIS AND KANSAS CITY SCORED HIGH WHILE THOSE IN MIAMI SCORED LOW. AND HOSPITALS THAT EXCEL IN ONE SPECIALTY DON'T NECESSARILY DO WELL IN OTHERS. BOSTON HOSPITALS RANKED FIRST IN TREATING HEART ATTACKS AND HEART FAILURE--BUT 30TH IN TREATING PNEUMONIA. DR. JHA SOT: "WHAT MATTERS IS HOW MUCH THE HOSPITAL HAS PAID ATTENTION TO THESE ISSUES AND HOW CONSISTENTLY IT'S ABLE TO PROVIDE IMPORTANT LIFE-SAVING TREATMENTS." FOR HEART DISEASE PATIENT RENE JOYNER PITTS, THIS FIRST-OF-ITS-KIND RANKING CAN BRING PEACE OF MIND. RENE JOYNER PITTS: "IF I'M HAVING CONGESTIVE HEART FAILURE, I WANT TO BE IN THE BEST PLACE FOR ME TO BE FOR TREATMENT." GIVING PATIENTS INFORMATION THAT COULD SAVE THEIR LIVES.

IN WHAT MAY BE A SIGN THAT LOW-CARB DIETS HAVE LOST THEIR LUSTER-- THE COMPANY THAT IS SYNONYMOUS WITH THE LOW-CARB CRAZE HAS BEEN FORCED INTO CHAPTER 11 BANKRUPTCY. FOUNDED BY ROBERT ATKINS, HAS RECENTLY SEEN A DWINDLING DEMAND FOR THEIR LOW CARBOHYDRATE PRODUCTS-- SUCH ITEMS AS DRINKS, CEREALS, AND ENERGY BARS THAT ARE LOW IN CARBS BUT OFTEN HIGH IN FAT CONTENT AND CALORIES. THE DIET HAS BEEN CONTROVERCIAL BECAUSE SOME IN THE MEDICAL COMMUNITY FEEL IT IS UNHEALTHY DUE TO ITS RELIANCE ON HIGH PROTEIN AND HIGH FAT FOODS LIKE STEAKS AND BACON. "IT IS PRETTY OBVIOUS THAT EITHER THEY ARE RIGHT AND I AM WRONG OR VISA VERSA" BEFORE HIS DEATH IN 2003, DR.ATKINS HAD LEGIONS OF FANS WHO BOUGHT HIS NUMEROUS BOOKS AND LOST WEIGHT BY FOLLOWING HIS RECOMMENDATIONS TO LIMIT EATING HIGH CARB FOODS LIKE PASTRY AND PASTA. "MOST AMERICANS HAVE A CARBOHYDRATE DISORDER//A LIFETIME PROBLEM BECAUSE YOU CAN SEE THEY ARE OVERWEIGHT." ATKINS NUTRITIONALS SAYS THEY HAVE BEEN DOWNSIZING DUE TO REDUCED DEMAND FOR ITS PRODUCTS. ACCORDING TO COURT DOCUMENTS THE COMPANY LOST 340 MILLION DOLLARS IN 2004. CYNTHIA BERRY STILL REMEMBERS THE DAY, FIVE YEARS AGO, HER IDENTITY WAS STOLEN. IT'S JUST AS IF IT HAPPENED YESTERDAY. I HAVE FORGOTTEN NONE OF IT. I MEAN, I REMEMBER IT AS WELL AS I REMEMBER THE DAYS MY CHILDREN WERE BORN. IT'S GOT THAT MUCH STATURE IN MY LIFE. SHE WAS HOME FROM HER WORK, AS A PEDIATRICIAN, AS A TULSA HOSPITAL, WHEN SHE GOT A CALL FROM HER BANK. A BANK IN TOWN CALLED ME AND SAID, YOUR NANNY IS HERE. AND SHE SAYS THAT YOU'VE AUTHORIZED A \$23,000 CASH ADVANCE ON YOUR CREDIT CARD FOR HER TO OPEN AN ACCOUNT. I'M LIKE, I DON'T KNOW WHAT YOU'RE TALKING ABOUT. I DON'T HAVE A NANNY. THAT TURNED OUT TO BE THE TIP OF THE ICEBERG. THIS IS THE LOAN FOR THE MOTORCYCLE. ARMED WITH BERRY'S BIRTH CERTIFICATE AND SOCIAL SECURITY, THE THIEF BOUGHT AN SUV, A MOTORCYCLE, AND A NEW WARDROBE, MAKING OFF WITH ABOUT \$75,000 IN LESS THAN TWO WEEKS. YOU WERE A GOLD MINE FOR HER. YOU WERE A DOCTOR WITH GOOD CREDIT. BOY. I WAS THE TICKET. THE THIEF TURNED OUT TO BE A NURSE AT BERRY'S HOSPITAL. SHE WAS CAUGHT, CONVICTED AND SERVED 23 MONTHS IN JAIL. BERRY SAYS SHE'S NOT SURE WHERE HER IDENTITY THIEF IS NOW. SHE COULD BE HERE IN TULSA. AND SHE STILL HAS ALL THE INFORMATION SHE NEEDS TO STEAL FROM BERRY AGAIN. AUTHORITIES SAY THERE IS LITTLE THEY CAN DO TO HELP BERRY. SHE'S BEEN TOLD A NEW SOCIAL SECURITY NUMBER WOULD ONLY MAKE IT HARDER TO PROVE HER IDENTITY. IT'S VERY HELPLESS FEELING. YOU CAN'T PROVE YOU'RE YOU ANYMORE. THAT'S RIGHT.

SHE GETS CALLS FROM COLLECTION AGENCY, DEMANDING PAYMENT FOR THINGS SHE NEVER BOUGHT. SHE NEEDS A NEW CAR BUT IS AFRAID TO APPLY FOR A NEW CAR LOAN. AFRAID, MOST DAYS, TO ANSWER THE PHONE. WHAT IS THE WORST PART OF IT FOR YOU? WELL, JUST THE IDEA THAT IT'S A VIOLATION. OF YOUR PERSON, YOUR LIFE. YOU CAN'T GET RID OF IT. IT'S EVERYWHERE. IT NEVER GOES AWAY.

"MY CHILDREN ARE YOUNG AND THEY'LL ANSWER THE PHONE FOR ME IF I'M DRIVING OR WHAT NOT, BUT AT THIS STAGE OF THE GAME THEY DON'T USE CELL PHONES MUCH AT ALL." BUT IF MELISSA SHORE'S KIDS ARE LIKE MOST, EVENTUALLY, THEY'RE GOING TO BE USING CELL PHONES... A LOT. WHAT RISK DO THEY, AND OTHER DEVICES THAT EMIT ELECTROMAGNETIC RADIATION, POSE TO ADOLESCENTS, YOUNG CHILDREN, AND EVEN UNBORN BABIES? A NEW REPORT RELEASED BY THE AMERICAN ACADEMY OF PEDIATRICS SUGGESTS THAT THERE IS INDEED A RISK...BUT IT'S STILL A BIT HAZY HOW SIGNIFICANT THAT RISK MIGHT BE. STILL, THEY ARE WARNING CAUTION....THE AUTHORS SAY THAT ONE OPTION INCLUDES REDUCING EXPOSURE BY MINIMIZING THE USE OF ELECTRICAL APPLIANCES, OR BY INCREASING THE DISTANCE FROM THEM....ONE OF THE BIG CONCERNS WHICH HAS BEEN DEBATED FOR DECADES IS WHETHER POWER LINES POSE A RISK. BUT PRETTY MUCH EVERYTHING ELECTRIC IN THE HOUSE PRODUCES ELECTROMAGNETIC RADIATION...HAIR DRYERS...TELEVISION SETS...MICROWAVE OVENS...EVEN KARYOKE...THE THEORY IS THAT ELECTROMAGNETIC FIELDS CHANGE THE WAY MOLECULES OR IMPULSES MOVE ALONG THE NERVE...AND THEY MAY CHANGE THE GROWTH PATTERNS OR MAY CHANGE THE GENES THAT MAY CAUSE CANCER IT'S BELIEVED CHILDREN ARE MORE SUSCEPTIBLE, IN PART BECAUSE OF THEIR BODY SIZE. SOT MARK ATLAS., M.D./PEDIATRIC ONCOLOGIST, SCHNEIDER CHILDREN'S HOSPITAL "ONE OF THE REASONS THAT THE CONCERN IS IN CHILDREN IS THAT THEY WILL BE EXPOSED TO THIS FOR MANY MANY MORE YEARS. ADULTS WHO START USING A CELL PHONE AT AGE 40 OR 50 WILL BE EXPOSED FOR 30 OR 40 YEARS A CHILD WHO IS EXPOSED NOW IS GOING TO BE EXPOSED AT A YOUNGER AGE FOR A LIFE TIME." BVIOUSLY YOU CAN'T LIMIT YOUR CHILD'S EXPOSURE TO THE REFRIGERATOR OR TO AN OVEN, BUT MAYBE YOU CAN CUT BACK ON THE NUMBER OF CELL PHONE CALLS YOUR CHILD MAKES. "THE MOST COMPELLING DATA IS THAT PERHAPS 3 PERCENT OF CHILD HOOD LEUKEMIA'S MAY BE ASSOCIATED WITH HIGH LEVELS OF ELECTROMAGNETIC FIELDS BUT THAT IS NOT A LOT ITS NOT COMPELLING DATA TO REALLY CHANGE THE WAY WE LIVE OUR LIVES.// THE RISK IS SMALL THE ISSUE IS THE RISK IS SMALL BUT THE DISEASE IS IMPORTANT THE DISEASE IS A DANGEROUS DISEASE AND IF THERE ARE MEASURES TO BE DONE TO PREVENT IT EVENT THOUGH THE RISK IS SMALL THOSE ARE WORTH WHILE DOING."

"I DON'T BELIEVE THAT THERE IS ABSOLUTELY ANY EVIDENCE TO SUGGEST THAT THESE DRUGS CAN CAUSE A GREAT INCIDENCE OF FRACTURES. PEOPLE ON DRUGS DO FRACTURE AS PEOPLE ON BLOOD PRESSURE LOWERING MEDICATIONS DO HAVE STROKES." IN OTHER WORDS, DON'T BLAME THE DRUGS FOR FRACTURES, LIKELY DUE TO THE DISEASE THEY'RE TREATING. STILL, OTHERS ARGUE THE DRUGS SHOULD BE RESERVED ONLY FOR THOSE WITH FRANK OSTEOPOROSIS....WHEN BENEFITS ARE HIGHEST, AND THE RISK OF CAUSING A FRACTURE BECAUSE OF TOO LONG A PERIOD OF USE IS MINIMIZED. RESEARCHERS WITH THE AMERICAN HEART ASSOCIATION STUDIED MORE THAN 5,000 WOMEN - BOTH SMOKERS AND NON-SMOKERS - MANY OF WHOM WERE ALSO MARRIED TO A SMOKER. REEARCHERS WANTED TO SEE IF BEING MARRIED TO A SMOKER PUT YOU AT AN INCREASED RISK FOR STROKE. WHAT THEY FOUND WAS DRAMATIC. BEING MARRIED TO SOMEONE WHO SMOKES MADE A WOMAN SIX TIMES MORE LIKELY TO HAVE A STROKE IF SHE HERSELF SMOKED. WOMEN WHO WERE NON-SMOKERS DID NOT HAVE A HIGHER RISK OF STROKE, EVEN IF THEIR PARTNER SMOKED CIGARETTES. STROKES CLAIM THE LIVES OF ABOUT 163,000 AMERICANS

YEAR. THAT'S ABOUT ONE DEATH EVERY 3 EVERY MINUTES. AND WOMEN MAKE UP MORE THAN 60 PER CENT OF THESE DEATHS. BASED ON THESE RESULTS, THE RESEARCHERS SAY THAT IF DOCTORS WANT TO REDUCE THE NUMBERS OF STROKES IN THIS COUNTRY, THEY NEED TO FOCUS NOT ONLY ON A WOMAN'S SMOKING HABITS, BUT ALSO ON THE HABITS OF HER SPOUSE.

MICHELE DECIDED TO GET AN ENDOSCOPIC FOREHEAD MIDFACE LIFT...THE PROCEDURE, SHOWN IN A NEW STUDY IN THE ARCHIVES OF FACIAL PLASTIC SURGERY TO CREATE A YOUTHFUL APPEARANCE IN MORE THAN WHAT THE TYPICAL FACELIFT PROVIDES, IS PERFORMED THROUGH MUCH SMALLER INCISIONS. TINY CUTS ARE MADE THROUGH WHICH SURGERY IS DONE USING SMALL MICRO INSTRUMENTS AND SCOPES. THE ADDED BENEFIT IS THAT THE AGING MID-FACE-AROUND THE CHEEKS-- IS ADDRESSED, WHICH TYPICALLY ISN'T WITH THE TYPICAL FACE LIFT. FOR FACIAL PLASTIC SURGERY "IT WAS CREATED BECAUSE WHEN PEOPLE HAD FACE LIFTS IN THE PAST THEY WOULD LIFT THE JAW LINE AND THE NECK BUT LEAVE THIS PART OF THE FACE OUT WHICH CREATES THE NASAL LABIA GROOVES WHICH ARE THE GROVES BETWEEN THE CORNERS OF THE NOSE AND THE MOUTH.//WHAT IT ACCOMPLISHES IS A LIFT OF THE CENTRAL PORTION OF THE FACE WHICH IS USUALLY THE PART OF THE FACE THAT AGES IN THE MID 40 RANGE TO THE LATE 50S." "MY EYE BROWS ARE HIGHER NOW MY EYES DON'T LOOK LIKE THEY ARE SO INSET INTO MY FACE.//I THOUGH THAT IT LOOKED LIKE I HAD CIRCLES UNDER MY EYES HERE BUT NOW WITH THE MID FACE LIFT IT KIND OF TOOK ALL OF THAT AWAY." "AS WE AGE THE LOWER EYE LID TENDS TO PULL DOWN BECOMES DROOPY AND WHEN YOU DO A MID FACE LIFT IT LIFTS UP THE TISSUES AROUND THE EYES AS WELL AS THE CHEEKS AND ACTUALLY MAKES THE EYES LOOK BETTER AND MORE YOUTHFUL." BILLIE KILLARNEY ALSO HAD THE PROCEDURE. "I REALLY DON'T LOOK ANY DIFFERENT I JUST LOOK MORE REFRESHED// IT HAS PRETTY MUCH BEEN YOU ITS BEEN YOU LOOK GREAT BUT THEY CAN'T REALLY NOTICE.//THERE IS NO SCARRING I DON'T HAVE ONE SCAR." RESEARCHERS EXAMINED THE HEALTH RECORDS OF MINNESOTA RESIDENTS UNDER 40 BETWEEN 1976 AND 2003 AND FOUND AN INCREASE IN THE NUMBER OF CASES OF THE TWO MOST COMMON FORMS OF SKIN CANCER- BASAL CELL AND SQUAMOUS CELL CARCINOMA. BASAL CELL AND SQUAMOUS CELL CARCINOMA ARE LESS DEADLY FORMS OF SKIN CANCER THAN MELANOMA AND ARE LIKELY TO DEVELOP ON AREAS OF THE SKIN THAT HAVE BEEN EXPOSED TO THE SUN. BASAL CELL CARCINOMA DEVELOPS IN CELLS IN THE LOWEST LAYER OF SKIN, WHILE SQUAMOUS CELL CARCINOMA DEVELOPS IN CELLS ON THE SKIN'S SURFACE. BOTH ARE EASILY TREATABLE IF CAUGHT EARLY ON. FOR EVERY 100,000 PEOPLE,THE NUMBER OF BASAL CELL SKIN CANCER ROSE FROM 18 TO 29 CASES, WHILE SQUAMOUS CELL CANCER ROSE FROM 1 TO 4 CASES DURING THE SAME TIME PERIOD. OVERALL, WOMEN WERE FOUND TO HAVE A GREATER INCREASE IN SKIN CANCER THAN MEN. RESEARCHERS THINK THIS MAY BE DUE TO WOMEN WEARING MORE OF REVEALING CLOTHING, OR WOMEN'S MORE FREQUENT USE TANNING BEDS.THE INCREASE MAY ALSO BE DUE TO BETTER SCREENING AND DETECTION. RESEARCHERS ARE UNSURE OF THE SPECIFIC CAUSE FOR THE INCREASE IN SKIN CANCER CASES. HOWEVER, ALL AGREE THAT THE BEST PREVENTION IS TO LIMIT SUN EXPOSURE BY WEARING SUNSCREEN, PROTECTIVE CLOTHING, AND AVOIDING MID-DAY SUN.

THE SOUND OF THE SURF...MAYBE ALSO THE SOUND OF SKIN CANCER CREEPING UP IN FREQUENCY IN YOUNG PEOPLE. A NEW STUDY SHOWS THE INCIDENCE OF NON-MELANOMA SKIN CANCER IS INCREASING AMONG MEN AND WOMEN UNDER THE AGE OF 40. "MOST PEOPLE DEVELOP SKIN CANCER AROUND AGE 50 OR LATER, MEN AND WOMEN, HOWEVER RECENTLY I'VE HAD MANY MORE PATIENTS, PATIENTS IN THEIR TWENTIES, AND THIRTIES HAVE DEVELOPED THESE. IT'S NOT LETHAL BUT IT STILL IS A CANCER." UNDERSTAND, WE'RE NOT TALKING ABOUT MELANOMA....WHILE MELANOMA EQUALS SKIN CANCER, SKIN CANCER DOES NOT NECESSARILY MEAN MELANOMA. IN FACT, THE TWO MOST COMMON KINDS OF SKIN CANCER ARE BASAL CELL CANCER AND SQUAMOUS CELL CANCER--TWO SO CALLED NON-MELANOTIC SKIN CANCERS WHICH THIS STUDY LOOKED AT. BASAL CELL CANCER, IS SLOW GROWING, AND RARELY SPREADS TO OTHER PARTS OF THE BODY. STILL, SKIN CANCERS NEED TO BE FOUND AND TREATED BECAUSE EVEN THE SLOWEST GROWING CAN INVADE AND DESTROY NEARBY TISSUE, INCLUDING THE BONE. "THEY CAN BE VERY DISFIGURING, EVENTUALLY, SQUAMOUS CELL IF LEFT UNTREATED CAN SPREAD THROUGHOUT THE BODY IF LEFT FOR A VERY LONG PERIOD OF TIME." ELIZABETH MCAULIFFE IS ONLY 32, AND HAS HAD NUMEROUS SKIN CANCERS IN HER YOUNG LIFE ALREADY. "I WAS 25 WHEN I WAS FIRST DIAGNOSED WITH THE FIRST BASAL CELL ON MY STOMACH.//I'VE HAD A TOTAL OF FIVE REMOVED, AND I HAVE A SIXTH ONE THAT NEEDS TO COME OFF." SINCE 1975, AMONG THOSE UNDER 40, BASAL CELL CANCER RATES DOUBLED IN WOMEN. AND SQUAMOUS CELL BECAME SEVEN TIMES MORE FREQUENT AMONG WOMEN. "IT DOESN'T SURPRISE ME AT ALL. A NEW STUDY FINDS THAT AMERICANS WHO WORK LONG HOURS ARE AT GREATER RISK FOR JOB-RELATED INJURIES AND ILLNESS. RESEARCHERS SURVEYED ALMOST 11,000 PEOPLE ABOUT THEIR JOBS. MORE THAN HALF OF THE JOBS REQUIRED LONG HOURS OF WORK. EMPLOYEES WHO WORKED OVERTIME WERE 61PER CENT MORE LIKELY TO HAVE A WORK-RELATED INJURY OR ILLNESS SUCH AS CUTS, FRACTURES, OR NERVE DISORDERS. THE MORE HOURS WORKED, THE GREATER THE RISK BECAME. AND RESEARCHERS SAY THAT THE RISKS HAD NOTHING TO DO WITH THE NATURE OF THE JOB. BOTH FACTORY WORKERS AND DESK JOCKEYS ALIKE SUFFERED FROM PUTTING IN THOSE EXTRA HOURS. SURPRISINGLY, A LENGTHY COMMUTE HAD NO EFFECT ON A PERSON'S RISK. IT IS BELIEVED THAT THE RISK IS DUE TO AN INCREASE IN STRESS AND FATIGUE FROM WORKING LONG HOURS. THE RESEARCHERS SAY THAT IF EMPLOYERS WANT TO CUT BACK ON WORK PLACE INJURIES AND ILLNESSES, THEY SHOULD THINK ABOUT CUTTING BACK ON THEIR EMPLOYEES' TIME AT WORK.

"THIS IS MY IPOD..." TO SAY AUSTIN DENNARD LOVES HER DIGITAL MUSIC PLAYER WOULD BE AN UNDERSTATEMENT. "I DON'T KNOW HOW I LIVED BEFORE I HAD MY IPOD, WHICH IS SILLY BECAUSE I'VE ONLY HAD IT FOR ABOUT A YEAR." "I DON'T KNOW WHY MY DAD DOESN'T WANT ONE..." } WELL HER DAD, DAVID DENNARD, DOESN'T BECAUSE HE SPENT 40 YEARS ON STAGE AS A ROCK MUSICIAN. HE LOST ABOUT 20-PERCENT OF HIS HEARING AND LIVES WITH A CONSTANT RINGING SOUND IN HIS EARS. BUT JUST BECAUSE LOUD MUSIC AFFECTED HER DAD'S HEARING, AUSTIN DOESN'T PLAN TO TURN DOWN THE VOLUME. "I'D LIKE TO SAY THAT IT'S ONE OF THE PRIORITIES IN MY LIFE TO THINK ABOUT WHETHER OR NOT I'M HURTING MY HEARING FROM MY IPOD, BUT I HAVE OTHER THINGS TO WORRY ABOUT." HEARING SPECIALISTS SAY MP3 PLAYERS ARE THREATENING THE HEARING OF MORE AND MORE YOUNG PEOPLE. THERE AREN'T ANY RELIABLE STATISTICS AT THIS POINT. BUT EXPERTS SAY SINCE THESE DIGITAL PLAYERS CARRY SO MUCH MUSIC THAT YOUNG PEOPLE ARE LISTENING LONGER THAN EVER. THEY ALSO SAY THE POPULAR EAR BUD HEADPHONES, CAN CHANNEL THE SOUND TOO INTENSELY INTO THE EAR CANAL. "IT'S LIKE THE DIFFERENCE BETWEEN USING A SHOTGUN WHEN WE'RE LISTENING IN OUR ENVIRONMENT AND A RIFLE WHICH DIRECTS THE SOUND INTO THE EAR CANAL, AND IT'S MUCH MORE INTENSE." THE MOST POPULAR DIGITAL MUSIC PLAYER IS APPLE'S IPOD -- THE COMPANY REFUSED TO COMMENT. BUT THE CONSUMER ELECTRONICS ASSOCIATION SAYS MANY MANUFACTURERS LIKE APPLE INCLUDE TIPS ON HOW TO USE THE PLAYERS SAFELY. BUT THAT ULTIMATELY IT'S UP TO LISTENERS TO MAKE SURE THEY USE THE EQUIPMENT PROPERLY. DOCTORS SAY IF YOU PLAY YOUR MUSIC AT A REASONABLE VOLUME, IT POSES NO DANGER. THE GENERAL RULE IS IF THE PERSON NEXT TO YOU CAN SING ALONG TO WHAT YOU'RE HEARING, IT'S TOO LOUD. BUT SOMETIMES THAT'S JUST NOT LOUD ENOUGH... LETS SAY YOU SPEND A LOT OF TIME IN AN URBAN SETTING LIKE THIS... CARS AND BUSES ALWAYS DRIVING BY... I'VE GOT A SOUND LEVEL METER HERE WITH ME... RIGHT NOW IT REGISTERS BETWEEN 85-AND-100 DECIBELS... THAT MEANS IF YOU'RE LISTENING TO YOUR MP3 PLAYER, THEN YOU NEED TO BLAST IT EVEN LOUDER, WHICH IS WHERE THE TROUBLE STARTS. HEARING SPECIALIST, ROSS ROESER TOOK US INTO A SOUND PROOF AUDIO BOOTH TO MAKE THE POINT. "THIS WOULD BE ABOUT 85 DECIBELS, THIS IS WHERE HEARING STARTS BEING AFFECTED BY NOISE." "THIS IS 95 DECIBELS, THIS IS AS LOUD AS I WANT TO GO." DR. ROESER POINTS OUT MOST MP3 PLAYERS CAN PUMP OUT MUSIC AT 120 DECIBELS. BUT EVEN AN OLD-ROCKER LIKE DAVID DENNARD KNOWS HIS DAUGHTER AND OTHER YOUNG PEOPLE AREN'T HEARING THE WARNING. "SOME KIDS ARE BULLETPROOF, THEY THINK ANYWAY, AND THEY'RE GOING TO TURN IT UP TO EXCRUCIATING LEVELS BECAUSE IT ROCKS THEIR WORLD." SOME DOCTORS SAY IF MORE YOUNG PEOPLE AREN'T CAREFUL THEY'LL BE JAMMING OUT TO MUSIC WITH MIDDLE-AGED EARS. BUT TURNING UP THE PEACE AND QUIET DOESN'T HAVE THE SAME RING AS BLASTING THE ROCK-N-ROLL.

THE LAST ONE WAS REALLY SEVERE. IT WAS A TIGHTENING AND KEPT TIGHTENING MORE AND MORE." SHE WAS TREATED...APPROPRIATELY. "THEY DIAGNOSED EXACTLY WHAT IT WAS IN A MATTER OF SECONDS WITH A BLOOD TEST." BUT UNFORTUNATELY, MANY WOMEN DO NOT GET THE OPTIMAL HEART ATTACK CARE. NEW RESEARCH IN THE NEW ENGLAND JOURNAL OF MEDICINE WHICH COMPARED DETAILS OF HEART ATTACK CARE IN BOTH SEXES AND IN BLACKS VERSUS WHITES. THE FINDINGS ARE SOBERING, ESPECIALLY FOR BLACK WOMEN. COMPARED TO WHITE MEN, GETTING TREATMENT TO REOPEN

BLOCKED VESSELS....ANGIOPLASTY AND STENTS...WERE PERFORMED THREE PERCENT LESS OFTEN TO WHITE WOMEN, NINE PERCENT LESS OFTEN TO BLACK MEN, AND 11 PERCENT LESS OFTEN TO BLACK WOMEN. CARDIAC CATHETERIZATIONS WERE ALSO LESS FREQUENTLY PERFORMED IN WOMEN AND BLACKS, ESPECIALLY WITH REGARD TO BLACK WOMEN. AND BLACK WOMEN HAD AN 11 PERCENT HIGHER RISK OF DYING FROM A HEART ATTACK. "I WAS DISAPPOINTED BY THE RESULTS OF THE STUDY, BUT NOT SURPRISED.//WHAT'S IS IMPORTANT ABOUT THIS STUDY IS THAT WE STILL DO NOT KNOW EXACTLY WHY THE WOMEN HAD A HIGHER DEATH RATE IN THE HOSPITAL." PART OF THE PROBLEM IS THAT UNLIKE MIRIAM, WOMEN DON'T ALWAYS HAVE THE CLASSIC SYMPTOMS...THAT MAY BE BECAUSE WHILE MEN GET BLOCKAGES IN THE BIGGER HEART ARTERIES, WOMEN MAY BE MORE LIKELY TO GET THEM IN SMALLER, MORE DIFFICULT TO VISUALIZE ARTERIES."WOMEN ALSO TEND TO COME TO THE EMERGENCY ROOM LATER THAN MEN DO WHEN THEY ARE HAVING A HEART ATTACK. WOMEN NEED TO COME TO THE HOSPITAL SOONER, DOCTORS AND PATIENTS NEED TO RECOGNIZE THE SYMPTOMS OF HEART ATTACKS IN WOMEN QUICKLY AND WOMEN SHOULD BE ENCOURAGED TO TAKE THE INTERVENTIONS, THE INVASIVE PROCEDURES THAT WILL REALLY SAVE THEIR LIVES." IT IS A VERY LIFE GIVING TISSUE. IT HAS THE ABILITY TO BECOME MANY TYPES OF TISSUE, HAS THE ABILITY TO GENERATE ALL OF THE HORMONES AND ALL OF THE GROWTH FACTORS IN THE RIGHT AMOUNT AT THE RIGHT TIME TO PROMOTE NORMAL WOUND HEALING." FROM HEALING SKIN TO DEVELOPING THE LIFE-SAVING RUBELLA AND VARICELLA VACCINES FOR CHILDREN.... TO EXPERIMENTAL TREATMENTS FOR PARKINSON'S DISEASE AND SPINAL CORD INJURIES AND FETAL TISSUE CELLS ARE HARVESTED FROM FETUSES THAT HAVE ALREADY BEEN ABORTED -- OFTEN FOR MEDICAL REASONS.. "THERE OUGHT NOT BE A MAJOR ETHICAL CONCERN ABOUT USING FETAL TISSUE. ITS AKIN TO USING TISSUE FROM ANY CADAVER. EVEN IF ONE VIEWS ABORTION AS MURDER,

THERE WOULD BE LITTLE OBJECTION FROM USING ORGANS FROM MURDER VICTIMS IN ORDER TO SAVE LIVES." HOWEVER, SOME IN AMERICA BELIEVE ANY USE OF FETAL TISSUE IS WRONG BECAUSE IT MIGHT PROMOTE ABORTION. "FETAL TISSUE TRANSPLANTATION FROM INDUCED ABORTION MAY ENCOURAGE AND FOSTER A GREATER INCIDENCE OF ABORTION IN THE UNITED STATES." AT PRESENT, THERE ARE NO FEDERAL LAWS PROHIBITING THE USE OF FETAL CELLS FOR RESEARCH.... BUT THE LAWS GOVERNING FETAL CELLS DO VARY FROM STATE TO STATE... STILL, THE POTENTIAL USES ARE GREAT. AFTER THE TRAGIC NEWS ABOUT THE DEATH OF PETER JENNINGS AND DANA REEVE, PEOPLE HAVE THOUGHT ABOUT LUNG CANCER MORE THAN EVER BEFORE... THE NUMBER OF CALLS TO "QUIT SMOKING" HOTLINES WENT UP BY FIFTY PERCENT AS A RESULT. JUST ABOUT EVERY SMOKER AND FORMER SMOKER WERE WORRIED, MORE WORRIED THAN NORMAL...AND MANY OF THEM COULD RELATE TO PETER JENNINGS... WE SMOKED, PETER AND I, CERTAINLY THAT WAS A BIG FACTOR... MICKI MCCABE HAD HER OWN SCARE 12 YEARS AGO... IT WAS A COUGH THAT WOULDNT GO AWAY, SO SHE DECIDED TO GET IT CHECKED OUT BY HER DOCTOR. I HAD THE CT SCAN WHICH SEEMED TO INDICATE THAT THERE WERE SOME TUMORS... I REMEMBER ASKING HIM THEN, DID IT SEEM LIKELY THAT I HAD LUNG CANCER...HE ANSWERED ME FORTHRIGHTLY, THAT MORE THAN LIKELY I DID HAVE LUNG CANCER... MICKI WAS LUCKY... THE CT -- OR CAT SCAN -- DID REVEAL LUNG CANCER, BUT IT WAS CAUGHT EARLY ENOUGH THAT AN OPERATION WAS ABLE TO REMOVE... ALL OF IT. SHE WAS CURED. I AM CERTAINLY GRATEFUL TO WHATEVER SPIRITUAL FORCES WERE IN THE UNIVERSE THAT WERE PART OF ME GETTING A GOOD BREAK... BUT IT WAS MORE THAN JUST A SPIRITUAL FORCE... MIKI HAD DEMONSTRATED A BASIC TENET OF MEDICINE... CATCH CANCER EARLY AND YOU ARE MORE LIKELY TO BEAT IT... NOT SO FAST, SAYS DR SANJAY SAINI... WHETHER OR NOT LUNG CANCER SCREENING WITH CT DOES IN FACT SAVE LIVES ... WE DONT KNOW THAT YET. HE BUYS INTO THE IDEA THAT CATCHING CANCER IS GOOD, BUT UNFORTUNATELY AS YOU LOOK INSIDE THE HUMAN BODY, THERE ARE THINGS YOU CAN FIND THAT CAN BE POTENTIALLY BAD, BUT WE ALSO FIND THINGS THAT ARE OF NO CONSEQUENCE IT'S THOSE INCONSEQUENTIAL FINDINGS THAT BRING INTO QUESTION JUST HOW USEFUL CT SCANS ARE ... WE CALL THEM "FALSE POSITIVE" RESULTS ... AND THEY ARE ESTIMATED TO OCCUR SOMEWHERE BETWEEN 25 TO 70% OF THE TIME. THE PATIENT ENDS UP HAVING OTHER TESTS DONE, AND EVEN SURGERY DONE, TO DETERMINE WHAT THAT IS AND THATS A DOWNSIDE TO THE PATIENT. DR LEN HOROVITZ SAYS THAT MAY BE TRUE, BUT IT'S STILL WORTH THE RISK. IF THERE'S A 25% FALSE POSITIVE RATE, THAT MEANS THERE'S A 75% POSITIVE RATE AND HE POINTS OUT ANOTHER POSSIBLE VIRTUE OF A FALSE POSITIVE ... SIMPLY HAVING ANY KIND OF ABNORMALITY, EVEN IT TURNS OUT TO BE NOTHING BAD, CAN STILL SCARE PEOPLE ENOUGH TO MAKE THEM STOP SMOKING... BUT AS IT STANDS NOW, ORGANIZED MEDICINE HASN'T YET DECIDED WHETHER CT SCANS SHOULD BECOME AS COMMON AS MAMMOGRAMS FOR BREAST CANCER OR A COLONOSCOPY FOR COLON CANCER... RECOMMENDATIONS LIKE THAT COULD STILL BE YEARS AWAY... MICKI MCCABE, THOUGH, DIDN'T WAIT FOR ANY RECOMMENDATIONS... SHE IS

CONVINCED THAT SHE IS ALIVE TODAY BECAUSE OF ONE SCAN YEARS AGO... THE EARLY DETECTION PROBABLY IS WHY I'M TALKING TO YOU NOW

ONE OF THE MOST SERIOUS COMPLICATIONS OF BOTH DIABETES AND OBESITY IS A CONDITION CALLED PRE-ECLAMPSIA (PRE-EE-CLAMP-SEE-YA) -- A DANGEROUS RISE IN BLOOD PRESSURE WHICH CAN PUT THE LIVES OF BOTH MOTHER AND CHILD AT RISK. RESEARCHERS FOUND THAT THE MORE OVERWEIGHT THE MOTHERS WERE, THE GREATER THE RISK FOR HIGH BLOOD PRESSURE. THE INSTITUTE OF MEDICINE RECOMMENDS THAT NORMAL WEIGHT WOMEN GAIN BETWEEN 25 AND 35 POUNDS DURING PREGNANCY, AND OVERWEIGHT WOMEN GAIN SLIGHTLY LESS - BETWEEN 15 AND 25. THE AUTHORS ALSO EMPHASIZE THE IMPORTANCE OF LOSING THE EXCESS WEIGHT AFTER BIRTH TO AVOID PROGRESSIVE WEIGHT GAIN WITH EACH CHILD AND MAKE FUTURE PREGNANCIES ARE SAFE.

HEART SURGERY IS AN INVASIVE SURGERY---AND THE STRESS OF GOING UNDER THE KNIFE IS OFTEN TOO MUCH TO BARE FOR SOME PATIENTS. BUT THERE'S ANOTHER TREATMENT THAT MAY BE USED THAT IS COMPLETELY NON-INVASIVE. A TECHNOLOGY CALLED E-E-C-P OR ENHANCED EXTERNAL COUNTER PULSATION IS SUPPOSED TO DO WHAT HEART SURGERY DOES WITHOUT THE KNIFE. THE THERAPY CONSISTS OF THREE SETS OF LEG CUFFS THAT INFLATE WHEN THE HEART IS RESTING AND DEFLATE WHEN IT IS PUMPING. THAT REVERSES THE BLOOD FLOW IN THE AORTA, INCREASING FLOW DOWN THE CORONARY ARTERIES. THE RESULT IS STRONGER BLOOD VESSELS AND NEW VESSEL GROWTH. DR. JAY CHAPPELL: "IN THE 15 YEARS I'VE BEEN PRACTICING CARDIOLOGY, THIS IS CLEARLY THE MOST BIZARRE THERAPY I'VE BEEN INVOLVED WITH. AND PROBABLY THE MOST BIZARRE THING ABOUT IT IS HOW WELL IT WORKS.SOT DR. JAY CHAPPELL: "THE RISK OF THIS PROCEDURE IS ESSENTIALLY NONE." THE PROCEDURE IS NOW BEING OFFERED IN EUGENE, OREGON AT OREGON CARDIOLOGY. IT COSTS ABOUT 10 TO 20 PERCENT LESS THAN WHAT IT WOULD TO HAVE OPEN HEART SURGERY.

AFTER COMPLETION OF THE TREATMENTS, PATIENTS WERE UNABLE TO GUESS BETTER THAN CHANCE WHETHER THEY WERE IN THE ACUPUNCTURE GROUP OR

CONTROL GROUP. THOSE GETTING ACUPUNCTURE HAD MARKED IMPROVEMENT IN THEIR SYMPTOMS. THE LARGEST BENEFIT WAS OBSERVED 1-MONTH FOLLOWING TREATMENT. STILL, A STUDY RELEASED A MONTH AGO SAYS ACUPUNCTURE IS NO MORE EFFECTIVE THAN A FAKE ACUPUNCTURE AT CONTROLLING PAIN. IT LEAVES A LOT OF QUESTIONS, INCLUDING, HOW IN THE WORLD DOES ACUPUNCTURE WORK TO CONTROL PAIN, IF IT INDEED DOES? "THIS IS THE BILLION DOLLAR QUESTION. BUT ONE THING I'VE NOTICED IS THAT I'M GETTING RESULTS WITH PATIENTS. THESE ARE PATIENTS WHO HAVE BEEN THROUGH MOST ANY OTHER SPECIALTY OR OTHER PHYSICIANS AND REALLY THEY'RE TOLD THERE'S NOTHING MORE WE CAN DO FOR YOU AND LIVE WITH THE PAIN." DR. CHARLES KIM IS A WESTERN TRAINED PHYSICAL MEDICINE PHYSICIAN WHO IS ALSO TRAINED IN ACUPUNCTURE. HE SAYS THESE STUDIES, BOTH SUPPORTING AND DEBUNKING ACUPUNCTURE FOR PAIN CONTROL, ARE PROBLEMATIC. HE SAYS, COMPARING IT TO A FAKE ACUPUNCTURE CAN'T BE DONE. "IT'S VERY DIFFICULT TO MEASURE ACUPUNCTURE IN THE WESTERN SENSE THAT WE KNOW IT, MEANING A RANDOMIZED CONTROL TRIAL. IF AN ACUPUNCTURE NEEDLE WAS PLACED IN THE HAND, PATIENTS DESCRIBE IT AS THOUGHT THEIR HANDS ARE PARALYZED. IT'S HEAVY LIKE IT NEVER BEEN BEFORE. YOU CAN'T CONTROL FOR THAT." DR. KIM SAYS HE HAS SEEN ACUPUNCTURE WORK FOR SEVERAL OF THE KEY FIBROMALGIA SYMPTOMS OF FIBROMYALGIA, INCLUDING THE PAIN, THE SLEEP PROBLEMS, AND THE ANXIETY AND DEPRESSION. "I WOULDN'T BE DOING IT IF IT WASN'T WORKING I HAVE TOO MANY OTHER THINGS TO DO." LISA HAS BECOME A BELIEVER."SO FAR, I'M LOVING IT, I'M VERY RELAXED.///I'M NOT ACHING." IN HUMAN YEARS, THIS MOUSE IS 120 YEARS OLD. THAT'S BECAUSE THESE SCIENTISTS MADE HIM 120. THEY CRANKED UP ONE OF HIS GENES THAT REGULATES AGING. MICE GET BIGGER AS THEY GET OLDER..... TAKE A LOOK -- THE GENETICALLY ENGINEERED OLDER MOUSE -- THE ONE ON THE LEFT IS MUCH BIGGER THAN THE YOUNGER ONE ON THE RIGHT. DR. KEVIN ROSENBLATT, ONE OF THE RESEARCHERS, SAYS EVEN HIS TEAM WAS SURPRISED AT WHAT HAPPENED WHEN THEY MANIPULATED THE GENE. WE DIDN'T THINK IT WOULD WORK THIS STRIKINGLY. HUMANS AND MICE HAVE THIS PARTICULAR AGING GENE IN COMMON.... SO THE QUESTION IS, GIVEN OUR SOCIETY'S OBSESSION WITH YOUTH COULD THESE SCIENTISTS MANIPULATE OUR GENES, TO MAKE US LIVE LONGER? THE POSSIBILITY OF AN ANTI-AGING HORMONE OR VACCINE THAT COULD PROLONG LIFE OR PROTECT HUMANS AGAINST PARTICULAR DISEASES IS QUITE POSSIBLE. AND EVEN BETTER, THIS MOUSE ISN'T OLD AND DECREPIT. HE'S OLD AND QUITE HEALTHY, WITHOUT THE USUAL DISEASES OF AGING. IT WOULD BE LIKE A 70 YEAR OLD MAN OR WOMAN BEING 100 YEARS OLD, BUT NOT JUST LIVING LONGER, LIVING WITHOUT HEART DISEASE, OSTEOPOROSIS. OVER THE YEARS, SCIENTISTS HAVE WAVED THEIR MAGIC WANDS AND MADE FAT MICE SKINNY...THEY'VE MADE PARALYZED MICE WALK AGAIN...THEY'VE MADE BRAIN TUMORS IN MICE DISAPPEAR IN A MATTER OF DAYS. RESEARCHERS WITH THE AMERICAN HEART ASSOCIATION REVIEWED DATA ON OVER 15,000 PATIENTS WHO UNDERWENT CORONARY ARTERY BYPASS BETWEEN 1999 AND 2000 - LOOKING AT DEATH RATES FOR MEN AND WOMEN AFTER SURGERY WHAT THEY FOUND WAS DRAMATIC. WOMEN WERE 49 PER CENT MORE LIKELY THAN MEN TO DIE DURING OR IMMEDIATELY AFTER THE BYPASS SURGERY. AND THE REASON WAS SOMEWHAT SURPRISING. AND AFTER CAREFUL ANALYSIS - THEY DISCOVERED THE INCREASED RISK OF DEATH WAS NOT BECAUSE WOMEN HAD MORE SERIOUS HEART DISEASE THAN MEN, AND NOT BECAUSE WOMEN HAD OTHER HEALTH PROBLEMS - IT IS ALL JUST A MATTER OF SIZE. WOMEN HAD A HIGHER RISK OF DEATH THAN MEN BECAUSE THEY GENERALLY HAVE SMALLER BODIES. SMALLER BODIES MEAN SMALLER ARTERIES, WHICH MAY BE MORE DIFFICULT TO OPERATE ON. WHILE DOCTORS ARE WORKING OUT HOW TO LOWER WOMEN'S RISK, THEY SAY THAT BYPASS SURGERY IS STILL THE BEST THERAPY FOR CORONARY HEART DISEASE.

Hi Kim,

I spoke with Don Galloway of the Sarasota County Transportation Dept. You are correct, they did move their entire operation to the new location. Don is still happy to provide us with whatever camera images they have. At the present time, they only have cameras at Bee Ridge & Cattleman and Bee Ridge & Beneva. In about one month, they will install a camera at US. 41 and Stickney Point. They are presently using fiber to get the signals back to their facility, and they have a lot of problems with it. He calls it a "nightmarish lash-up". They are looking into getting wireless links for the images and will have a decision on that in a few weeks.

A SPECIAL EDUCATION STUDENT IS ACCUSED OF TRYING TO POISON HIS TEACHER.
 HILLSBOROUGH COUNTY OFFICIALS SAY A 16-YEAR-OLD BOY POURED DRY ERASE BOARD CLEANER INTO HIS TEACHER'S WATER BOTTLE. THE TEACHER WAS TAKEN TO THE HOSPITAL AS A PRECAUTION, BUT OFFICIALS SAY SHE DIDN'T GET SICK. THE TEEN REPORTEDLY TOLD HIS GRANDMOTHER THAT HE WAS TRYING TO MAKE THE OTHER STUDENTS LAUGH.

We would need a PC with a remotely operated switcher to select the camera we want and then digitize the selected signal, compress it to MPEG-2 and feed it down the T-1 line to our studio. A T-1 line would be needed to get full broadcast quality with full motion. I don't think we would want to send the image over the Internet because it would look like most traffic-cams that you see, very small image and only 10 frames per second, which would be a jumpy picture.

YOUR MORNING CUP OF COFFEE COULD DO MORE THAN JUST WAKE YOU UP -- IT COULD ALSO HELP YOU FIGHT DISEASE. NEW RESEARCH FROM THE AMERICAN CHEMICAL SOCIETY SAYS COFFEE HAS BECOME THE LEADING SOURCE OF CANCER-FIGHTING ANTI-OXIDANTS IN A TYPICAL DIET, SIMPLY BECAUSE WE DRINK SO MUCH OF IT. SOME STUDIES SAY COFFEE CAN HELP PREVENT CERTAIN TYPES OF CANCER. STILL, OTHERS LINK IT TO HIGH BLOOD PRESSURE. DOCTORS ADVISE DRINKING COFFEE IN MODERATION, ONE OR TWO CUPS A DAY, AND EATING VITAMIN-RICH FRUITS AND VEGETABLES.

 RED-HAIRED, FAIR-SKINNED PEOPLE GET SKIN CANCER MORE OFTEN THAN PEOPLE WITH BLACK HAIR. RESEARCHERS LOOKED AT DIFFERENT- COLORED HAIR CELLS IN A LAB TO FIND OUT WHY. WHAT THEY DISCOVERED IS THAT FAIR-SKINNED AND DARKER PEOPLE HAVE TINYCHEMICAL DIFFERENCES IN THEIR HAIR AND SKIN PIGMENTS -- BRONDES AND REDHEADS HAVE RED MELANIN PIGMENT WHILE DARK-HAIRED PEOPLE HAVE BLACK MELANIN. WHEN RESEARCHERS TESTED THESE TWO KINDS OF MELANIN WITH AN ULTRA-VIOLET LASER TO MIMIC THE SUN'S RAYS, THEY FOUND THAT THE RED PIGMENT WAS MORE REACTIVE. THE UV LIGHT PRODUCED MORE OF THE HARMFUL COMPOUNDS CALLED "FREE RADICALS" IN THE RED MELANIN --WHICH

AND IF YOU SUFFER FROM TENSION HEADACHES, YOU MAY BE ABLE TO GET RELIEF WITHOUT EVEN TAKING A PILL. ACUPUNCTURE CAN CUT THE NUMBER OF TENSION

Comment: HEADACHES ALMOST IN HALF, ACCORDING TO A NEW STUDY IN THE BRITISH MEDICAL JOURNAL. RESEARCHERS DIVIDED 270 PATIENTS INTO THREE GROUPS. OVER AN EIGHT-WEEK PERIOD, ONE GROUP WAS TREATED WITH TRADITIONAL ACUPUNCTURE;

ONE GOT MINIMAL ACUPUNCTURE, WHERE THE NEEDLES ARE INSERTED ONLY SUPERFICIALLY INTO THE SKIN AT NON-ACUPUNCTURE POINTS; AND ONE GROUP GOT NO ACUPUNCTURE. PATIENTS WHO GOT EITHER ACUPUNCTURE SUFFERED FEWER HEADACHES THE MONTH FOLLOWING TREATMENT. RESEARCHERS SAID HEADACHE RATES CONTINUED TO DROP FOR MONTHS AFTER THE INITIAL TREATMENT, BUT DID START TO RISE SLIGHTLY OVER TIME.

RENEE JOYNER PITTS WAS RUNNING ERRANDS IN SUBURBAN WASHINGTON WHEN SHE FELT CHEST PAINS AND HAD TROUBLE BREATHING--CLASSIC SIGNS OF A HEART ATTACK--WHEN SHE ARRIVED AT HER NEARBY COMMUNITY HOSPITAL, SHE DIDN'T LIKE WHAT SHE FOUND. RENE JOYNER PITTS, HEART DISEASE PATIENT: "AND IT WASN'T IN A DRAMATIC WAY--AND THAT'S THE FUNNY THING ABOUT IT. NICE PEOPLE, BUT IS TOO LAID BACK" SO LAID BACK THAT SHE HAD HER BROTHER DRIVE HER 20 MILES TO A MAJOR HOSPITAL--AND A MUCH MORE REASSURING ATMOSPHERE. RENE JOYNER PITTS. "YOU KNOW, IF THERE WAS SOMETHING WRONG, IF I WAS HAVING A HEART ATTACK, THAT I WAS IN THE BEST PLACE I COULD BE." ONCE THERE, HER HEART ATTACK WAS QUICKLY DIAGNOSED AND TREATED. JOHN YANG/ABC NEWS PATIENTS USED TO HAVE TO RELY ON WORD-OF-MOUTH TO DECIDE WHETHER A HOSPITAL WAS GOOD OR NOT. NOW, FOR THE FIRST TIME EVER, A NEW STUDY RANKS MORE THAN 35-HUNDRED HOSPITALS ACROSS THE COUNTRY. PUBLISHED IN THE NEW ENGLAND JOURNAL OF MEDICINE, THE HARVARD UNIVERSITY STUDY LOOKS AT HOW HOSPITALS TREATED THREE COMMON CONDITIONS: HEART ATTACKS, CONGESTIVE HEART FAILURE AND PNEUMONIA. GENERALLY, THE BEST HOSPITALS WERE IN THE NORTH-EAST AND MIDWEST, WERE AFFILIATED WITH MEDICAL SCHOOLS AND WERE NOT-FOR-PROFIT. DR. ASHISH JHA, HARVARD SCHOOL OF PUBLIC HEALTH: "WHERE YOU LIVE AND WHAT HOSPITAL YOU CHOOSE HAS A PROFOUND IMPACT ON WHETHER YOU WILL RECEIVE LIFE-SAVING THERAPIES OR NOT. " BEING IN THE BIGGEST CITIES IS NO GUARANTEE OF QUALITY. HOSPITALS IN INDIANAPOLIS AND KANSAS CITY SCORED HIGH WHILE THOSE IN MIAMI SCORED LOW. AND HOSPITALS THAT EXCEL IN ONE SPECIALTY DON'T NECESSARILY DO WELL IN OTHERS. BOSTON HOSPITALS RANKED FIRST IN TREATING HEART ATTACKS AND HEART FAILURE--BUT 30TH IN TREATING PNEUMONIA. DR. JHA SOT: "WHAT MATTERS IS HOW MUCH THE HOSPITAL HAS PAID ATTENTION TO THESE ISSUES AND HOW CONSISTENTLY IT'S ABLE TO PROVIDE IMPORTANT LIFE-SAVING TREATMENTS." FOR HEART DISEASE PATIENT RENE JOYNER PITTS, THIS FIRST-OF-ITS-KIND RANKING CAN BRING PEACE OF MIND. RENE JOYNER PITTS: "IF I'M HAVING CONGESTIVE HEART FAILURE, I WANT TO BE IN THE BEST PLACE FOR ME TO BE FOR TREATMENT." GIVING PATIENTS INFORMATION THAT COULD SAVE THEIR LIVES.

IN WHAT MAY BE A SIGN THAT LOW-CARB DIETS HAVE LOST THEIR LUSTER-- THE COMPANY THAT IS SYNONYMOUS WITH THE LOW-CARB CRAZE HAS BEEN FORCED INTO CHAPTER 11 BANKRUPTCY. FOUNDED BY ROBERT ATKINS, HAS RECENTLY SEEN A DWINDLING DEMAND FOR THEIR LOW CARBOHYDRATE PRODUCTS-- SUCH ITEMS AS DRINKS, CEREALS, AND ENERGY BARS THAT ARE LOW IN CARBS BUT OFTEN HIGH IN FAT CONTENT AND CALORIES. THE DIET HAS BEEN CONTROVERSIAL BECAUSE SOME IN THE MEDICAL COMMUNITY FEEL IT IS UNHEALTHY DUE TO ITS RELIANCE ON HIGH PROTEIN AND HIGH FAT FOODS LIKE STEAKS AND BACON. "IT IS PRETTY OBVIOUS THAT EITHER THEY ARE RIGHT AND I AM WRONG OR VISA VERSA" BEFORE HIS DEATH IN 2003, DR.ATKINS HAD LEGIONS OF FANS WHO BOUGHT HIS NUMEROUS BOOKS AND LOST WEIGHT BY FOLLOWING HIS RECOMMENDATIONS TO LIMIT EATING HIGH CARB FOODS LIKE PASTRY AND PASTA. "MOST AMERICANS HAVE A CARBOHYDRATE DISORDER//A LIFETIME PROBLEM BECAUSE YOU CAN SEE THEY ARE OVERWEIGHT." ATKINS NUTRITIONALS SAYS THEY HAVE BEEN DOWNSIZING DUE TO REDUCED DEMAND FOR ITS PRODUCTS. ACCORDING TO COURT DOCUMENTS THE COMPANY LOST 340 MILLION DOLLARS IN 2004. ATKINS NUTRITIONALS SAYS THE BANKRUPTCY FILING DOES NOT AFFECT ITS DAY-TO DAY-OPERATIONS AS THEY ARE WORKING OUT A NEW PAYMENT STRUCTURE WITH THEIR LENDERS.
